

DAILY NEVADA STATE JOURNAL

C. C. POWNING, Editor and Proprietor

CALLING ATTENTION TO NEVADA.

The Silver State favorably comments as follows:

Manager Fulton, of the State Board of Trade, is using the means at his disposal to the best possible advantage to direct to Nevada the attention of capitalists seeking opportunity for profitable investment and of persons of limited means, but with hands, seeking homes for their families. He has, by direction of the Board, prepared and printed a pamphlet of twelve pages on the resources of Nevada, copies of which are sent to numerous persons in the East who apply for information. The fact that Nevada is far from being, as many suppose exclusively a mining State, is conclusively stated and it is conclusively shown that though the soil is productive, many of the necessities of life which could be and should be produced at home, are imported. Bacon and hams are imported by the car-load, though alfalfa, which grows luxuriantly in the State and yields four crops without irrigation in the unprecedented feed season of 1888 and 1889, is excellent feed for swine. Poultry, butter and eggs, and even flour, are brought from other States to Nevada, though in the quarter of a century in which grain has been grown in the State there has been but one failure of the wheat crop, and that was caused by drought. Alfalfa is a more profitable crop in Nevada than corn in the Prairie States of the West and the yield of wheat per acre in the agricultural valleys of the State is far above the average in Iowa and Illinois.

The Supreme Court of Montana has decided the contested election of Sheriff in Silver Bow county, involving the validity of the vote in the famous Precinct No. 34. The Court unanimously held that the vote of the precinct was so irregular in all respects, and so saturated with proven fraud, that it should be entirely rejected. This elects the Sheriff and all the Republican officers in Silver Bow county.

The San Francisco Chronicle in moving into its magnificent new home on Market street, will at the same time celebrate its 25th birthday. A great paper may be looked for, with a retrospect of the Pacific Coast for the past 25 years.

The special now carrying George Francis Train from New York to Tacoma over the New York Central, Lake Shore, Northwestern and Union Pacific lines is expected to make the fastest time ever made across the continent.

President and Mrs. Harrison will pass the Summer at Deer Park, having re-engaged the cottage they occupied last year.

To Encourage Others.

In San Francisco, on Saturday, a worthy German found himself the sudden father of three unexpected babies. When we say unexpected, we mean that he was not prepared to take them in blocks of three. In Pomona yesterday, the same thing happened in another family, the lady having a previous record of two pairs of twins. Of course, the papers are jubilant, and these facts are stated to encourage others.—Oakland Tribune.

Death of Jacob Hoehn.

Jacob Hoehn, one of the pioneer citizens of Sacramento, died last Saturday night after a lingering illness.

Deceased has been in the lime and ice business in the city for many years, and one of his death he was Superintendent of the Union Ice Company.

He was a native of Germany and aged 57 years. Mr. Hoehn was a Knight Templar and Exempt Fireman. He leaves a widow and several children.

Diamonds Stolen.

SAN FRANCISCO, May 23.—Last evening Mrs. T. F. Chapman, wife of a wealthy mining man residing in Oakland, attended the Commencement exercises of Snell Seminary, as her daughter was one of the graduates, and as the Chapman residence had been entered by burglars some weeks before, Mrs. Chapman placed her diamonds, valued at some \$7,000 in her dress pocket. At the close of the exercises she discovered her diamonds were missing. The police were notified but as yet have no clue.

The Proclamation Must Be Obeyed.

SAN FRANCISCO, May 23.—The President having received information of cattlemen invading the Cherokee strip in violation of the proclamation, has instructed General Merritt to rigidly enforce the provisions of the proclamation.

Fearful Storms.

PITTSBURGH, May 23.—A severe rain and electrical storm passed over Western Pennsylvania this evening doing great damage to property and resulting in the loss of several lives in the East and this city. Houses were blown down, trees uprooted and small buildings demolished. A house on Black Horse Hill, occupied by John Miller, was lifted bodily from its foundation and blown a considerable distance. The family escaped with slight bruises. At least a score of other houses in the vicinity were unroofed. A large number of persons received slight injuries, but as far as known no fatalities.

At McKeesport, ball stones as large as walnuts, fell, while the rain poured down in sheets for half an hour. The lightning struck several buildings and considerable damage was done. The greatest injury was done by the water which came down White's Hollow in a stream 75 feet wide. The water was five feet deep on Fifth avenue. A number of houses below the grade were submerged.

At Greensburg Wm. Fry was killed by lightning. Heavy rains caused great damage in the low lands in that vicinity. Near Washington, Pa., lightning struck a derelict on the Miller farm, shattering it, killing Wm. Furman, seriously injuring Wm. Gates and stunning two others.

Two heavy land slides occurred at Oakdale, blocking both tracks of the railroad.

Stanford Speaks for His Land Loan Bill.

WASHINGTON, May 23.—Senator Stanford, speaking in the Senate to-day on his land loan bill, said no farmer would have to borrow money unless he needed it and he would return it to the Government when he ceased to have use for it. He pointed out that money borrowed of the Government at 2 per cent on agricultural land security could rapidly find use at higher rates in other interests and the farmer could thus be benefited. The farmer could not well bear a burden of 6 per cent interest, while the merchant finds it a reasonable rate to pay. The Senator contended that the plan proposed in the bill would create a moneyed system that would meet financial expansion and contraction as they may occur. He said the bill provided for what might not improperly be termed a revolution in finance and he did not expect it to be adopted until it had been fully considered by the people and met with their approval.

The bill was referred to the Committee on Finance.

Our Rivers and Harbors.

WASHINGTON, May 23.—An amendment to the River and Harbor bill appropriating \$125,000 for scouring a continuous navigable water way between Lake Michigan and the Mississippi river was rejected. When the paragraph appropriating \$500,000 for the construction of the Illinois and Mississippi (Hennepin) Canal was reached, Turner, made a point of order that the Committee of the Whole had no jurisdiction over canals. Pending the decision the House took a recess till evening.

A Mother's Neglect.

VISALIA, Cal., May 23.—Yesterday while Mrs. J. H. Hawley, living near Dudley, in this county, was absent from home the house caught fire and burned down. She had left three small children on the bed. One daughter six years old was burned to death and another child is not expected to live.

The Kommer Case.

WASHINGTON, May 23.—The Kommer case will next come up before the United States Circuit Court, before Judge Wallace, on June 16th, who made the order to operate as a stay until the Supreme Court could pass upon the questions involved. It is supposed that Judge Wallace will vacate the order, that being practically the understanding upon which it was made.

Acquitted of Murder.

SAN FRANCISCO, May 23.—The trial of John F. Naughton, for the murder of Marcus M. Herr, closed to-day. Counsel for defense submitted the case without argument. Special counsel for the prosecution made argument. The jury deliberated about two hours and returned a verdict of acquittal.

Killed by a Tarantula.

PLACERVILLE, May 23.—A little girl three years old, the child of Mr. and Mrs. Langden, was bitten by a tarantula last Monday evening. During the night the child complained of chills, and vomited. A physician was summoned the next morning, but it was too late to save the child and she died that afternoon.

A Confederate Edition.

RICHMOND, Va., May 23.—The State (newspaper) leads off to-day in Confederate decorations in honor of General Lee. Its building is covered from top to bottom with Confederate flags. Only Confederate colors are displayed. The legend on the facade of the building is "R. E. Lee, America's Greatest Man." This will be followed to-morrow by a 20-page paper styled "The Confederate Edition," filled with war articles, reminiscences, and Confederate battle songs.

The Election Cases.

WASHINGTON, May 23.—The House Committee on Elections to-day acted upon the three pending contested election cases. Those of Langston vs. Venable, 4th Virginia; Miller vs. Elliott, 7th South Carolina; and Chalmers vs. Morgan, 2d Mississippi. In the first two the committee will report in favor of seating the Republican contestants, Langston and Miller; but in the Mississippi case the report will be in favor of seating Morgan, Democrat.

A Resolution Asking for Information.

WASHINGTON, May 23.—The Naval bill in the Senate went over. Call offered a resolution calling on the President for information as to the landing of an armed force from a revenue cutter at Cedar Keys, Florida, the forcible entry of a house and the pursuit of citizens. On motion of Edmunds it was laid over. The Senate then went into executive session, and then adjourned.

Sabin's Estate.

SAN FRANCISCO, May 23.—Harry W. Sabin to-day petitioned the Superior Court for letters of administration upon the estate of George M. Sabin, United States District Judge of Nevada, who died on the 12th inst. The value of the estate is fixed at \$1,500. The estate is bequeathed to petitioner, who is a brother of deceased.

A Great Fish Sale.

CARSON, Nev., May 23.—Fish Commissioner Mills has shipped 1,000,000 trout to various parts of Nevada and has nearly as many more under cultivation to be introduced in various streams next month.

The Day of His Death.

SAN FRANCISCO, May 23.—The death warrant of Charles E. Clark, the murderer of Captain Duncan Logan, was delivered to the Sheriff to-day. The execution occurs July 11th.

The "Journal" Is For It.

WASHINGTON, May 23.—McCreary, of Kentucky, to-day introduced a bill to provide for the survey of an inter-continental railway to connect North and South America.

A Serious Runaway.

TACOMA, Wash., May 23.—William H. Beiser, a wealthy citizen of Struck valley, was thrown from a wagon by a runaway team to-day and almost instantly killed.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? It so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Royal Baking Powder Leads All.

The United States Official Investigation

Of Baking Powders, made, under authority of Congress, by the Chemical Division of the Department of Agriculture, Washington, D. C., and recently completed, furnishes the highest authoritative information as to which is the best baking powder. The Official Report

Shows the Royal Baking Powder to be a cream of tartar baking powder, superior to all others in strength and leavening power.

The Royal Baking Powder is absolutely pure, made from the most wholesome materials, and produces finer flavored, sweeter, lighter, more palatable, wholesome and delicious bread, biscuit, cake, pastry, etc., than any other baking powder or leavening agent.

Being of greater strength than any other baking powder, it is also the most economical in use.

These great qualities warrant you, if you are not using the Royal Baking Powder, in making a trial of it.

Census Reenumeration.

Owing to the indefatigable exertions of Census Supervisor Lammon, Superintendent Robert P. Porter has authorized Mr. Lammon to pay the enumerators in this State the following sums: Six dollars per day in all country districts outside of Washoe, Storey, Ormsby and Douglas counties, and 2½ cents per capita in the towns of Reno, Virginia, Gold Hill and Eureka, and \$5 per day in the county districts of Washoe, Storey, Ormsby and Douglas.

TALK IS CHEAP.

and the press teems with advertisements of emeralds, and other liver, blood and lung remedies, but there is one medicine, and only one, the claims for which, as a cure for all lingering diseases arising from Torpid Liver or Biliousness, or from impure blood, are backed up by a positive guarantee. If it does not do just as represented in every case, the money paid for it is promptly returned. This peculiar medicine sells beyond all others throughout the civilized world. And why should it not? "Talk is cheap," but when it's backed up by a positive guarantee, by a house of long established reputation for honesty, integrity and sound financial standing, then words mean business! And that's just what the Dr. Pierce's Golden Medical Discovery, of World's Dispensary Medical Association, of Buffalo, N. Y., is in guaranteeing their Dr. Pierce's Golden Medical Discovery. It cures the dreadful disease of Scrofula, and if taken in time, arrests the march of Consumption of the Lungs (which is Lung-Scrofula), purifies and enriches the blood, thereby curing all Skin and Scrup diseases, Ulcers, Sores, Swellings, and kindred ailments.

NEVADA AT CHICAGO.

Application for Space by Nevada's State Board of Trade.

The following letter was received yesterday morning from the Executive Department of the World's Exposition, to be held in Chicago in 1892, which explains itself:
CHICAGO, May 19, 1890.
DEAR SIR:—Your recent communication was duly received and temporarily acknowledged through the Chicago press. Their references to the appropriate committees prevented their earlier acknowledgment.
By the provisions of the Federal bill the allotment of space is exclusively confined to the National Commission; hence, whilst your request for space is received by our local organization with special favor, and regarded as an augury of great good, formal action upon it is necessarily delayed until we can have the desired conference with the National Commission. To that body your communication will be presented with the hearty recommendation of our Directors.
Very respectfully,
THOMAS B. BRYAN,
First Vice-President.
To R. L. Fulton, Esq., Manager State Board of Trade, Reno, Nev.

A Railroad to Belmont.

The Eureka Sentinel is informed "that the railroad going into Pioche is to build a branch out through Bristol Pass and on to Belmont. This branch may ultimately become the main line, as it will stand in excellent position to be extended through to the coast. These roads would make things hum in Eastern Nevada."

Section 13.

That it shall be unlawful for any person, in any of the streets or highways within the town limits, to play at baseball, cricket or any other game having a tendency to interrupt the free and safe use of any of said streets or highways.

The above ordinance will be strictly enforced.
JOHN DUNNAN,
Chief of Police.

Card.

At the request of Brigadier General Booton, he will ride immediately in front of Co. "C," N. N. G., in the parade on Memorial Day.
A. C. DUGAN, Jr.,
Marshal.

The Memorial Day Committee are requested to meet to-day at 4 o'clock p. m. at the office of Hon. G. W. Baker.
By order of the President,
H. P. KRAUS, Secretary.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Does One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name" at home,—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by all druggists, \$1; six for \$5. Prepared only by C. L. 250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

223 APPLE BOXES A SPECIALTY.

WHAT IS GOING FOR MANY MILES OF RAILROADS? FREE

One of the most successful and profitable businesses in the world is the sale of

APPLE BOXES. It is a business that requires no capital, no experience, and no

connections. All you need is a few dollars to start with, and a few more to keep

the business going. The business is so simple that any one can do it, and it is

so profitable that it will pay for itself in a very short time. The business is

so easy that it can be done from home, and it is so profitable that it will

pay for itself in a very short time. The business is so simple that any one can

do it, and it is so profitable that it will pay for itself in a very short time.

The following out gives the appearance of it reduced to

about the fifth part of its bulk. It is a grand, double star-shaped, as it is called, and

it is so simple that it can be done from home, and it is so profitable that it

will pay for itself in a very short time. The business is so simple that any one

can do it, and it is so profitable that it will pay for itself in a very short time.
